Here's what it's all about.

Once a year, a licensed health care practitioner makes an in-home visit to spend up to an hour conducting a health and wellness exam.

Get a head-to-toe exam, select health screenings and plenty of time to talk about health goals.

At the end of the visit, we'll provide a personalized checklist of topics to discuss with your regular doctor. A summary of the HouseCalls visit can also be mailed to you and your regular doctor.
